COURIER OF EAST KENTUCKY COAL FIELDS — A KPA AWARD WINNING NEWSPAPER  
VOL. 51—NO. 86. HAZARD, KENTUCKY MONDAY, SEPTEMBER 27, 1965 COPY—10c

First Aid Winners

HERE ARE THE FIRST AID WINNERS . . . in the Annual Safety Day Program held at Memorial Gymnasium by the Kentucky River Mining Institute last Saturday. The winning team is the Blue Diamond Coal Company Leatherwood No. 1 whose captain is Kenneth Williamson. The team will represent the Kentucky River Mining Institute in the National Contest next month at Louisville.

## Hazard Youth Injured By Napier Back-Hoe

A four-year-old Hazard girl was seriously injured Thursday evening on Liberty Street when she was hit by a Napier Electric and Construction Company back-hoe after she apparently ran in front of the machine.

Delores Gene Cornett of Liberty Street was admitted to the Mt. Mary Hospital and is listed in critical condition.

The City Police gave this account of what happened:

Taylor Everidge was operating a backhoe on the Liberty Street Housing Project when the little Cornett girl ran out in front of him from behind a parked car. The front wheel ran over her.

Everidge was taking the backhoe to Jeff according to owner Howard Napier, to dig out a ditch at Combs Memorial High School.

## Democrat Women Meet Thursday

The Perry County Democratic Women's Club will meet Thursday, September 30, at 2:30 p.m. at Democratic Headquarters on High Street.

All Democratic women are urged to be present.

## J. D. Smith Speaks At Kiwanis Meeting

Nin Combs was program chairman and former state representative J. D. "Smittie" Smith, was guest speaker at the Kiwanis Club Tuesday evening September 14, at Don's Restaurant.

The subject of his illustrated address was "The Key to Kentucky's Future", preceded by some important announcements and followed by an invitation for questions and round table discussion.

In brief, the 170 million dollar bond issue will bring to the commonwealth a total of \$860,755,000 plus a capital construction program for the next five years, and no tax increase is required. In 1964 the general assembly voted to put on the 1965 bond this general obligation bond issue to provide necessary funds to continue Kentucky's program of progress.

What was the Key? It was determined that the funds from above bond issue would bring Kentucky approximately 685 million dollars in matching

funds and lead to a total of 860 million dollars of additional and improved highways and other facilities.

The summary below must be considered a tentative estimate, but additional sums and increases may be expected, highways valued at 736 million, higher education and to University of Kentucky University of Louisville, the five state teacher's colleges, plus the community colleges which have already been established including the \$1,000,000 set aside and earmarked for the University of Kentucky to build the newest community college on a site in the Hazard-Hazlet Area.

The only visitor was George W. Fugate, Covington, Kentucky, retired.

## Correction

In Thursday's issue, an article on "Social Security Agent Cautions Public About 'Confidence Man'" the last sentence read "He urged persons 65 and older to cancel prior to this date any hospital insurance or medical insurance they may have."

This sentence should have read, "He urged persons 65 and older to not cancel prior to this date any hospital insurance or medical insurance they may have."

## Special Judge Fines Lost Creek Woman In Contempt Of Court

A Perry County woman, Mrs. Edith Combs of Lost Creek, has been fined \$30 and court costs for contempt of court by Special Judge John Cornett Friday which involved a case between the River Coal Company and Mr. and Mrs. Greenberry Combs.

The fine was levied in Special Court because of Mrs. Combs' failure to be present at the trial.

The case involved a dispute between the coal company and the Combses in which the Combses allegedly fired a bullet through a bullet-proof glass window of the River Coal Company.

According to Greer, there were three more shots fired at the trial, but Greer said that he had not been back since the alleged incident took place on the Combs property. Combs matters were set for 10:00 a.m. Thursday.

Ed Clements, president of the River Coal Company, testified that he saw her fire two or three shots in the direction of the bulldozer with Greer on it.

The River Coal Company had obtained a restraining order so they could continue operation but according to Greer and Clements the order has been of little use.

The Combses were supposed to be represented by Whiteside, attorney Harry Caudill, but the famed Eastern Kentucky lawyer never showed up as scheduled.

According to Attorney Caudill, "I was only notified two days ago of the hearing and at that time I had a full document of my lawyer never showed up as scheduled."

Conducting the clinic will be Dr. Jacqueline A. Noyes and Dr. Jack Reeves, both from the University of Kentucky Medical Center.

Conspicuous by the Kentucky Heart Association and the State and County Health Departments, the clinic provides a diagnostic service for the patient along with recommendations for treatment and management of the case. It also provides an opportunity for the referring physician to consult with the clinician regarding his patient.

Necessary expenses of the clinic are being underwritten by the Kentucky Heart Association and the State Health Department.

Only those medically indigent patients who have been referred by a physician and have a written referral will be admitted to the clinic.

Sizeable Portion Of Perry County Income Traceable To Public Funds

In Perry County, as in most other parts of the county, a sizeable portion of the income that local residents receive per year is traceable to public funds.

A recent study of the income of Perry County residents has shown that about 31 percent of the income is derived from public funds. This includes income from the state and federal governments, as well as income from local government.

The study was conducted by the Perry County Board of Education. It was the first time that such a study has been conducted in the county. The study was conducted over a period of six months.

State Must Approve Bond Issue Or Voting New Taxes, Says Ward

Kentucky has the choice of approving the bond issue November 2, 1965, or voting new taxes in January, 1966, Commissioner of Highways Henry Ward declared in an address in Louisville before the Kentucky Road Builders' Association.

Ward said that the state must choose between the two options. He said that the state must choose between the two options. He said that the state must choose between the two options.

money could be piled up for North Carolina, \$300 million; even conservative Virginia is talking about a \$250 million bond issue. In Pennsylvania, common business sense for Republican Governor Scranton Kentucky to avoid itself all proposals a \$10 billion highway federal aid for highway construction.

It makes good practical sense. No program is a certainty are available. Other states are important to the economic providing the same to finance the spirit of all Kentucky as tight federal highway construction, which will give our state a fine Ohio in the last 2 years has a highway system. It will serve about \$700 million in bonds as a solid foundation for economic West Virginia, \$200 million and growth and prosperity.

## ASK ANN LANDERS

Dear Ann Landers: I'd like to thank "Old Timer" for one of the best laughs I've had in weeks. Anyone who would fill out a form for a driver's license and write beside the word "sex"—"occasionally" must have a terrific sense of humor.

When I was in the hospital having my last baby I had to fill out an insurance form. There was a question worded something like this: "Is this confinement the result of an accident?" I answered "Yes". This reply provided many people in the office with the best laugh of the day.

I come from a family of kids and I realize how fortunate I was to grow up in a climate of good humor. Life can be pretty grim and a laugh can be a wonderful release for tension.

I've tried to raise my children to appreciate the value of humor. It hasn't been difficult because my husband is a very funny guy. If you ever run into him ask "How's your wife?" He'll reply "Well, she's better than nothing."

Although your column is filled with good advice I feel that the humor in it is as important as the guidance you give. Keep it up, Ann — SMILE AWHAILE.

Dear Smile: Thanks for your letter. Now shall we bow our heads in commemoration of all those dear dead jokes that killed vaudeville?

Dear Ann Landers: How much do parents owe their married children? We raised three girls and two boys. It wasn't easy. My husband always made a modest salary and I worked part time in a canning factory.

Our oldest daughter lost her husband in a mining accident two years ago and came home with her two babies. I take care of her children. Lord knows the poor girl didn't bring this tragedy on herself, but I'm not as young as I used to be and it's hard on me.

Now the real problem. Our younger daughter caught her husband running around and she wants to divorce him and come home with her three children. We were shocked because our son-in-law is such a fine person. After talking with him we learned our daughter has been running around, too.

What should we do? — WORN OUT MOM AND DAD

Dear Mom and Dad, Parents don't owe children room and board and maid service when their marriages go sour.

Too often parents inadvertently help break up marriages by telling children they know they can always come home if there is trouble. Tell your daughter to get the counsel of a clergyman and straighten her life out.

Dear Ann Landers: I'm a girl, 17, who babysits because it is the only way I can go to school and earn extra money.

It is now 1:30 a.m. and I have been baby sitting for 15 hours. The woman who hired me called and pleaded with me to come right over. (This was yesterday morning at 10:30 a.m.) She said her regular sitter couldn't make it at the last minute and she would be very grateful if I would sit with her four children "for a few hours."

My mother is buried up and I don't blame her. I keep telephoning her every few hours so she won't worry.

When the woman left she didn't say anything about fixing supper for the children so I went ahead on my own. I wouldn't be surprised if I had to fix breakfast tomorrow morning, too.

What kind of a mother leaves her children for 15 hrs. and doesn't even let the sitter know where she can be reached in case of an emergency? Any advice? — B. B.

Dear B. B.: A sitter who has this sort of experience twice with the same woman deserves it. You should refuse to work for a mother who is so irresponsible. What would you do if she went away for a week?

Liquor can ruin your mind, your body and your life. To learn the booby traps of teenage drinking, write for Ann Landers' booklet, "Teenage Drinking," enclosing with your request 20c in coin and a 10-c. self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

## Pine Mountain FHA Meets Here

FHA Has District Meeting By Alexa Ann Cornett

The Pine Mountain District of the Future Homemakers of America held their fall district meeting on September 18 in Hazard High School at 9:30.

The purpose of this meeting was for the district officers to acquaint the various chapter officers with the duties and responsibilities of their office.

The meeting was conducted by Bernice Saylor, district president from Hall High School. Mr. John C. Strimer, honorary member of the Hazard Chapter and principal of Hazard High School, gave the welcome.

The officers enjoyed group singing led by Clarabelle Hall from Breathitt High School and relaxers given by Pat Compton from Hall High School.

After lunch the officers were led in recreation by Hall High School. A game of Jeopardy was played with one member of each chapter playing. The winner was Sheila Wheeler from the Jack Chapter.

A summary of the meeting was given by Mrs. Edith Orick from Hindman.

The meeting was adjourned at 2:30.

The Pine Mountain District is made up of 13 chapters with 437 members. The chapters are: Breathitt, Cumberland, Fleming-Neon, Hall, Hazard, Hindman, Jackson, Jenkins, Leslie County, M. C. Napier, Oakes and Waverly.

# Belfry Stops Bulldogs 20-14 On Last Minute Touchdown

By Oscar Combs

Hazard's Bulldogs fought a gallant fight, but two fourth-quarter Belfry touchdowns handed the Bulldogs a 20-14 defeat which practically eliminated the Hazard eleven from the Class AA Playoffs.

Hazard's record fell to 2-2 while Belfry notched their fifth straight win of the season with out a defeat.

Belfry took advantage of an early Hazard mistake to take a

7-0 lead before Hazard came roaring back late in the first period to tie 7-7.

Hazard pulled ahead early in the final quarter on a fine run by Keith Reynolds but Belfry's big Frank Guyton took over from there and marched the Pirates to two last stanza scores and the 20-14 win.

In the initial drive, back Houston Hogg ripped off 40 yards in five plays and David Baker chalked up 29 yards in four plays including the 9-yard sprint for the six-pointer. Rowe kicked the extra point and the score was 7-7 with 3:09 left in the first period.

Defense played the key role in the second quarter as both teams were held scoreless with the Hazard line recovering a fumble deep in their own terri-

tor late in the first half. Belfry began a march on the Hazard 41 and moved down to the Hazard 10 before the rugged Bulldog line knocked the ball loose which Hazard recovered. An attempted 15-yard field goal by Hazard's O. J. Rowe was wide of the goal posts late in the third period and the 7-7 tie stood as the two evenly matched teams entered fourth quarter play.

Early in the final period Hazard took a Belfry punt on their own 41 and in two plays scored the go-ahead touchdown. Baker found a hole and scampered 21 yards to the Belfry 30 and Reynolds, loughing his way through the Pirate line and streaked his way for 30 yards and a 13-7 Hazard lead with 11:10 on the clock. Rowe added the point and Hazard's margin increased to 14-7.

Belfry was not to be denied fourth of the Pirate marched 70 yards in six plays with the aid of a 13-yard penalty against Hazard. Belfry's downhill Frank Guyton, topped the last 30 yards and his own conversion tied the score for the second time 13-14 with 8:06 left.

Belfry marched 54 yards in nine plays for the winning touchdown as Pirate quarterback Bob Burgett hit end Walley Bevins from nine yards out. The conversion was blocked by the Hazard line, but the damage has been with only 0:17 left in the contest.

Hazard made a futile effort in the last 17 seconds on two passes and a 14-yard run by Jimmy Rose, but the two pass attempts were incomplete as Belfry won out 20-14.

## Operation Head Start Draws Comments From Schoolteacher

Ten weeks of Operation Head Start which meant undreamed of experience for numerous preschool children, and a long summer and very short vacations for many teachers brings the first grade teacher to the place for a long look and evaluation of one of the most recent projects to improve the child's position in elementary school.

From the reports from first grade teachers, Operation Head Start was a tremendous success. From the first day of school when the first grade students were prepared for school socially, emotionally and mentally. This sometimes requires weeks and sometimes months to accomplish in regular school.

Perhaps one of the most valuable assets of Operation Head Start, was the team work engendered by parent, teacher, and the various organizations and agencies participating in the program. In many Head Start centers volunteers were so numerous that it was necessary to schedule the days on which they would be needed. Other individuals contributed their time and talents.

One of the most interesting contributions was the service of Sam Cornett, a barber, who saw to it that every boy had a neat professional hair cut (for some their first) and the little girls were not left out either, they returned home with newly trimmed hair.
